### ELIGIBILITY:

- These incentives are offered by Missouri River Energy Services and its participating members. For questions regarding eligibility, contact your local utility.
- Residential customers who purchase electricity from The Utility are eligible to participate in the Bright Energy Solutions ChargePoint Utility Home Charging Program. Eligible equipment must be connected to an electric service billed by The Utility under a residential rate class or serving residential space. Residential customers installing a charger in a multifamily situation billed by the Utility under a commercial rate class may also qualify if approved by The Utility. Someone living at the residence full-time must own or lease one plug-in hybrid or all electric vehicle per charger rebated.
- This program is applicable only to equipment that meets the detailed equipment specifications and requirements described in this application. The Utility will determine, in its discretion, whether such specifications and requirements are satisfied.
- Customers may not receive more than one incentive for each piece of equipment installed under this program or any combination of Bright Energy Solutions programs.

### TERMS AND CONDITIONS:

- Incentive Offer: A signed application, itemized invoices, and other required documents must be submitted to the participating utility. Incomplete applications will cause delays in payment or denial of the application.
- Compliance:
  - All projects must comply with federal, state, and local safety, building, and environmental codes.
  - Equipment must not be used to qualify and receive payment for energy savings from any wholesale electricity market.
  - Customers may only receive one incentive per piece of qualifying equipment.
  - All terms and conditions of this application must be satisfied by the customer.
- Payment: Once completed paperwork is submitted, incentive payments are usually made within 4 – 8 weeks. Incomplete applications will either delay payments or be denied. The Utility reserves the right to refuse payment and participation if the customer or the customer's contractor violates program rules and procedures.
- Inspection: The Utility may conduct an inspection of the customer's facility to survey any installed projects. The Utility may inspect customer records relating to incentives sought by the customer.
- Information Sharing: The Utility reserves the right to publicize your participation in this program, unless you specifically request otherwise in writing. Information contained in this application may be shared with state boards, commissions, departments, and other Bright Energy Solutions participating utilities.
- Program Discretion: Incentives are available on a first-come, first-served basis. This program and its incentive amounts are subject to change or termination without notice at the discretion of The Utility. Neither pre-approval of a project, nor any other action by The Utility, will entitle a customer to an incentive payment until the application is finally approved by The Utility. The Utility reserves the right to load manage (cycle on or off) customer equipment that qualifies for incentives under this program.
- Logo Use: Customers or trade allies may not use the name or logo of Bright Energy Solutions, The Utility, or any other participating utility in any marketing, advertising, or promotional material without written permission.
- Disclaimers: The Utility
  - does not endorse any particular manufacturer, product, labor or system design by offering these programs;
  - will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
  - does not expressly or implicitly warrant the installation or performance of installed equipment or any contractor's quality of work (contact the equipment manufacturer or contractor for warranties);
  - is not responsible for the proper disposal/recycling of any waste generated as a result of this project;
  - is not liable for any damage, injury, or loss of life arising from or relating to the removal, installation, or operation of any equipment, or any other action taken by the customer or The Utility, in connection with a project undertaken by the customer under the programs described in this application;
  - does not guarantee that a specific level of energy or cost savings will result from the implementation of energy efficiency measures or the use of products funded under this program.

## ACTIVATE AND CONNECT YOUR CHARGER

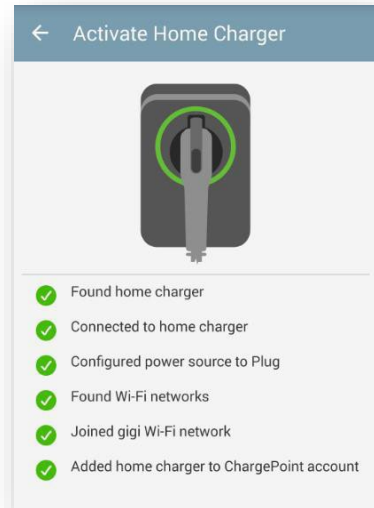

### Activate charger using the ChargePoint mobile app

1. **Download** the ChargePoint mobile app

2. **Create** a ChargePoint account or Log In to an existing account
3. **Activate** your home charger by following the steps as prompted.

Once your charger has been activated, you are ready to connect to the Utility Home Charging Program.

### Connect the charger to the Utility Home Charging Program

4. Open the **ChargePoint mobile app**, follow these steps:
  - Select **Account**
  - Select **Connections**
  - Select **Browse Connections**
  - Under **Service Providers**, find your local municipal utility. (If your local utility is not listed, contact the utility.)
  - Select your local municipal utility and enter the requested information
  - Select and agree to the **Terms and Conditions**
  - Click **Submit** to finish your request
5. Your enrollment is now **“Pending”**. Once approved by Bright Energy Solutions, an approved email will be sent and the status will change from “Pending” to “Active”.
6. Once your charger is **“Active”**, the associated Home station is now linked to the Utility program.

To help us keep electric rates as low as possible for our community, we strongly encourage you to charge your EV during the off-peak hours of 8 pm – 6 am. Using your ChargePoint app to schedule charging makes it easy!

Mail the completed application and sales receipt to your utility. Or email the documents to: [rebate@brightenergysolutions.com](mailto:rebate@brightenergysolutions.com)
